Mission Statement:

The Miramar Communities Council is a non-profit organization created to provide a voice to share solutions to common problems and to act as an advocate for those who call Miramar their home.

The Purpose of the Miramar Communities Council is Three-fold:

- To foster awareness of residents' needs and to build strong community relationships with city, county and other government agencies.
- To promote a team effort in sharing common resources to improve buying power, preparedness for natural disasters and enhancements in our communications.
- To provide a network of communication in understanding of common interests.
