# CDBG-R SUBMISSION TEMPLATE & CHECKLIST

The American Recovery and Reinvestment Act of 2009 ("Recovery Act") was signed into law by President Obama on February 17, 2009. The Recovery Act awards \$1 billion in CDBG Recovery (CDBG-R) funds to be distributed to cities, counties, insular areas and states, of which \$10 million has been reserved by HUD for its administrative costs and \$10 million of which will be awarded to Indian tribes. Recipients of the remaining \$980 million of CDBG-R funds will be the approximately 1,200 jurisdictions that received CDBG funding in Fiscal Year 2008. This template sets forth the suggested format for grantees receiving funds from CDBG-R. A complete submission contains the information requested below, including:

- (1) The CDBG-R Substantial Amendment (template attached below)
- (2) Spreadsheet for Reporting Proposed CDBG-R Activities (see <http://www.hud.gov/recovery>) (**Attached-Appendix A**)
- (3) Signed and Dated Certifications (see <http://www.hud.gov/recovery>) (**Attached-Appendix - B**)
- (4) Signed and Dated [SF-424](#). (**Attached-Appendix D**)

Grantees should also attach a completed CDBG-R Substantial Amendment Checklist to ensure completeness and efficiency of review (attached below).

## **ENSURING RESPONSIBLE SPENDING OF RECOVERY ACT FUNDS**

Funding available under the Recovery Act has clear purposes – to stimulate the economy through measures that modernize the Nation’s infrastructure, improve energy efficiency, and expand educational opportunities and access to health care. HUD strongly urges grantees to use CDBG-R funds for hard development costs associated with infrastructure activities that provide basic services to residents or activities that promote energy efficiency and conservation through rehabilitation or retrofitting of existing buildings. While the full range of CDBG activities is available to grantees, the Department strongly suggests that grantees incorporate consideration of the public perception of the intent of the Recovery Act in identifying and selecting projects for CDBG-R funding.

### ***A. SPREADSHEET FOR REPORTING PROPOSED CDBG-R ACTIVITIES***

Grantees must provide information concerning CDBG-R assisted activities in an electronic spreadsheet provided by HUD. The information that must be reported in the spreadsheet includes activity name, activity description, CDBG-R dollar amount budgeted, eligibility category, national objective citation, additional Recovery Act funds for the activity received from other programs, and total activity budget. An electronic copy of the spreadsheet and the format is available on HUD’s recovery website at <http://www.hud.gov/recovery>.

**B. CDBG-R INFORMATION BY ACTIVITY (COMPLETE FOR EACH ACTIVITY)**

- (1) Activity Name: (Grantees should follow the same order that activities are listed in the Spreadsheet for Reporting Proposed CDBG-R Activities – this will allow HUD to easily match activity narratives with the information provided in the spreadsheet.)

**Response:**

Through the Recovery Act, the City of Miramar is scheduled to receive **\$209,883** in CDBG-R funding. This amendment describes how the City proposes to use the funds to address the goals of the Recovery Act and the local community's needs. As part of this amendment process, the public is encouraged to provide written comment, during the public comment period.

The City of Miramar proposes to use the additional funding provided by CDBG-R to carry out residential rehabilitation/home repair activities and energy efficiency improvements on housing units (single family 1-4 units) occupied by eligible low and moderate income residents. All households assisted will be low to moderate income. The City's housing rehabilitation program addresses code, health/safety, minor repairs and energy efficiency improvements. This activity will be undertaken as a citywide effort. Applicants will be served on a first come, first-qualified basis. The City will also utilize part of the funds to administer the program. **The program is already in place and has the City has the ability to utilize the funds immediately upon award.**

- 1. Housing Rehabilitation** - This project is scheduled to provide weatherization home repairs to low and moderate income homeowners. This project will be carried out on a citywide basis. This activity is eligible under 24 CFR Section 570.202(a) and will directly benefit low and moderate income persons as qualified under Housing Activities, 570.208 (a)(3).(90% of Allocation) - **\$188,895**
- 2. Admin/Planning** - This activity will provide for administrative duties relative to general management, oversight, coordination and implementation of the CDBG-R program. This activity will also allow for planning activity to benefit the City's low moderate income area and also to undertake fair housing activities as applicable. This activity is eligible under 24 CFR, Section 570.206. (10% of Allocation). -**\$20,988**

The Recovery Act requires each grantee to submit a substantial amendment to its program year (PY) 2008 action plan to the U.S. Department of Housing and Urban Development (HUD) by June 5, 2009. The City's approved 2008 action plan and 5 year strategic plan is available for reference and additional background information on the City of Miramar's housing needs and priorities.

- (2) Activity Narrative:

In addition to the Spreadsheet for Reporting Proposed CDBG-R Activities, grantees must provide a narrative for each activity describing how the use of the grantee's CDBG-R funds will meet the requirements of Title XII of Division A and Section 1602 of ARRA. The grantee's narrative must also state how CDBG-R funds will be used in a manner that maximizes job creation and economic benefit in relation to the CDBG-R funds obligated, and will address the Recovery Act, by:

- Preserving and creating jobs and promoting economic recovery;
- Assisting those most impacted by the recession;
- Providing investment needed to increase economic efficiency;
- Investing in transportation, environmental protection, or other infrastructure that will provide long-term economic benefits;
- Minimizing or avoiding reductions in essential services; or
- Fostering energy independence.

**Response:**

**Preserving and Creating Jobs:**

Job creation/retention and economic benefit are the primary goals of the Recovery Act. The residential rehabilitation program will promote that goal by providing opportunities for small businesses. The residential home repair program will provide employment and contracting opportunities in the construction field, which has particularly been hit hard in South Florida due to the slump in the housing industry. The City of Miramar has recently expanded its contractors' pool which consists of home improvement general contractors, inspectors, and energy efficiency-focused consultants. The pool consists of many small general contractors who are unable to participate on larger scale projects. Contracts will be awarded through a competitive bidding process for each home eligible for assistance. This will ensure more job creation/retention and contracting opportunities for those participating.

**Assisting Those Most Impacted by the Recession:**

The residential rehabilitation program will directly assist low to moderate income households. Low to moderate income households, seniors and those with special needs have been impacted most by the recession as costs for goods have gone up, disposable income has been reduced. Providing assistance with expensive deferred maintenance repair costs and energy efficiency improvements will assist these households financially to address other household needs.

**Providing Investment Needed to Increase Economic Efficiency:**

Energy efficiency repairs will be part of the assistance provided in the home rehabilitation program. Repairs that promote energy efficiency will reduce energy costs and increase economic efficiency

- (3) Jobs Created: (Report the number of full- and part-time jobs estimated to be created and retained by the activity (including permanent, construction, and temporary jobs).

This project will create or retain approximately 8 construction jobs.

- (4) Additional Activity Information: (A description of how the activity will promote energy conservation, smart growth, green building technologies, or reduced pollution emissions, if applicable.)

### **Smart Growth and Economic Benefit**

The program will promote energy conservation through the energy efficiency improvements addressed during the minor home repairs.

- (5) Responsible Organization: (Contact information for the organization that will implement the CDBG-R activity, including its name, location, and administrator contact information)

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and

(8) **Community development plan.** The jurisdiction certifies that the consolidated housing and community development plan identifies housing and community development needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the statute authorizing the CDBG program.

(9) **Following a plan.** The jurisdiction is following a current consolidated plan that has been approved by HUD.

(10) **Use of funds.** The jurisdiction has developed activities so as to give the maximum feasible priority to activities that will benefit low- and moderate-income families or aid in the prevention of slums or blight. Additional activities may be included that are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community where other financial resources are not available to meet such needs. It has complied with the following criteria:

1. **Maximum Feasible Priority.** With respect to activities expected to be assisted with CDBG-R funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);

2. **Special Assessments.** The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG-R funds by assessing any amount against properties owned and occupied by persons of low- and moderate-income, including any fee charged or assessment made as a condition of obtaining access to such public improvements. However, if CDBG-R funds are used to pay the proportion of a fee or assessment attributable to the capital costs of public improvements (assisted in part with CDBG-R funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG-R funds. The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG-R funds, unless CDBG-R funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG-R funds. In addition, with respect to properties owned and occupied by moderate-income (but not low-income) families, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG-R funds if the jurisdiction certifies that it lacks CDBG-R or CDBG funds to cover the assessment.

(11) **Excessive Force.** The jurisdiction certifies that it has adopted and is enforcing: (1) a policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and (2) a policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location that is the subject of such non-violent civil rights demonstrations within its jurisdiction.

(12) **Compliance with anti-discrimination laws.** The CDBG-R grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d), the Fair Housing Act (42 U.S.C. 3601-3619), and implementing regulations.

(13) **Compliance with lead-based paint procedures.** The activities concerning lead-based paint will comply with the requirements of part 35, subparts A, B, J, K, and R of this title.

(14) **Compliance with laws.** The jurisdiction will comply with applicable laws.

(15) **Compliance with ARRA.** The jurisdiction will comply with Title XII of Division A of the American Recovery and Reinvestment Act of 2009.

(16) **Project selection.** The jurisdiction will select projects to be funded, by giving priority to projects that can award contracts based on bids within 120 days from the date the funds are made available to the recipient, and that will ensure maximum job creation and economic benefit.

(17) **Timeliness of infrastructure investments.** When the jurisdiction uses CDBG-R funds for infrastructure investments, the grantee will give preference to quick-start and finish activities, including a goal to use at least 50 percent of the funds for activities within 120 days of enactment of the Recovery Act.

(18) **Buy American provision.** The jurisdiction will ensure that all iron, steel and manufactured goods used in construction, alteration, repair, or maintenance of a public building or public work project assisted with CDBG-R funds under the Recovery Act must be produced in the United States unless the Secretary finds that: (1) the requirement is inconsistent with public interest; (2) those goods are not reasonably available or produced in sufficient quantity in the U.S.; (3) or the use of the goods will increase the project cost by more than 25 percent.

(19) **Appropriate use of funds for infrastructure investments.** The Governor, mayor, or other chief executive, as appropriate certifies, that any infrastructure investments have received the full review and vetting required by law and that the chief executive accepts responsibility that the infrastructure investment is an appropriate use of taxpayer dollars. Alternatively, a grantee's chief elected official certifies that infrastructure investments will receive the full review and vetting required by law and that the chief executive accepts responsibility that the infrastructure investment is an appropriate use of taxpayer dollars.

(20) **70% of CDBG-R for LMI.** The aggregate use of CDBG-R funds shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the grant is expended for activities that benefit such persons over the life of the CDBG-R grant.
